

THE PATTERN TO PROSPERITY

The Rodan + Fields® Pattern to Prosperity shows you how it is possible to build a foundation for financial freedom.

THE MONTHLY DUPLICATION PATTERN:

To follow the Pattern to Prosperity, generate 600 SV in volume from two new Consultants every month with a commitment of 100 SV through CRP for each subsequent month and help each of your new Consultants do the same. This table illustrates the potential monthly commissions that can be generated if every Consultant in your organization repeats the Pattern to Prosperity every month and each of their downline team members do the same.

Month	Personally Sponsored Business Builders	Total Organization	Potential Commissions*
1	2	6	\$300.00
2	2	48	\$1,430.00
3	2	342	\$7,300.00
4	2	1632	\$40,590.00

This example assumes perfect duplication in a perfect world. This has yet to happen because we do not live in a perfect world, but it does describe what is possible. Personal business results will vary based upon your individual effort and commitment.

My reason for earning: _____ My monthly income goal: _____

*Potential commissions are based on mathematical calculations that assume every Consultant in your organization follows the above Pattern to Prosperity every month. These figures should not be considered guarantees of the earnings a particular Consultant will realize. Earnings depend on individual effort and the individual efforts of those on your team. For statistical information regarding earnings of Rodan + Fields Consultants, see the [Income Disclosure Statement](#).
